“Creating a Transgender Affirming Practice”

Presented by
Aydin Kennedy;

Aydin is currently pursuing a Masters degree in Social Work from CSUC. Since his transition 4 years ago, he has shared his story with thousands of university and college students, provided consultation to doctors, therapists, and educators and has been a strong advocate for trans* inclusion and understanding throughout Northern California. Aydin speaks with honesty and humor to create a safe place for people to ask important questions to gain a better understanding the trans* experience.

Learning Objectives

- Creating an gender identity affirming practice
- Introduce basic terms and definitions
- Become current on DSM and legal updates on guidelines to transition
- Affirm your proficiency in this area
